

**OUR VISION:**

Engagement: Students are actively involved with exciting new learning opportunities.  
Consistency: Students attend regularly and make continuous progress.  
Success: Students achieve improved academic and social skills and more confidence!

**Gifford After-School Extended Learning Program  
2016-2017 School Year  
Module 3 Clubs – 2/20/17-5/11/17**

The **Extended Learning Program** is an afterschool program for students in **4<sup>th</sup> to 8<sup>th</sup> grade** (spacing is limited per grade). We focus on strengthening academic achievement and social growth by offering unique learning opportunities in a safe and nurturing environment. We partner with youth serving organizations. The program is funded through District Funds.

**How to Register:**

Fill out the Extended Learning Student Registration Form and turn it into the school. Registration forms can be found at your school or by emailing [Extended.Learning@rusd.org](mailto:Extended.Learning@rusd.org).

**(Student is not considered enrolled until a confirmation letter or email has been received by parent/guardian)**

- **3<sup>rd</sup> Module Clubs will begin the week of February 20, 2017 and end on May 11, 2017**
- **There is limited space in each class.**
- **Clubs provided are (all classes are subject to change):**
  - Mondays – Art Club with Alana Cacciotti
    - ❖ Each Monday from 3:45 until 5pm we have a guided art lesson, which includes instruction, supplies, and individualized support. For students who prefer to work on self-directed art projects, we are here to support and assist. There is a wide variety of art materials and tools for students to use. The sky's the limit! Come explore and express your creativity!!!
  - Tuesdays – Chess Club with Edward Larkin
    - ❖ Students will learn the basic set-up of pieces, piece value, how to record moves, basic check mates, and more!
  - Tuesdays – Math Meet with Rodney Strutz and Jennifer Bersch
    - ❖ The math meet club is for students that qualify for the math meet. Instructors will provide practice problems and performance tasks for students to complete.
  - Tuesdays – Sewing Club with Jennifer McGowan
    - ❖ Students will learn the parts of a machine and how to machine sew as well as how to hand stitch and sew on a button.
  - Wednesdays – Newspaper Club with Rodney Strutz
    - ❖ Do you want to be a journalist? A writer? Like covering current events? Then join the newspaper club to create newsletters to share with the community.
  - Wednesdays – Linguistics Club with Tim O'Brien
    - ❖ Students will explore foreign languages and cultures with guidance from a trained and experienced world language teacher
